

Application # _____

(For District Use)

BUSINESS NAME:

PLANT #:

APPLICATION FOR SYNTHETIC MINOR OPERATING PERMIT

This application form is to be used for all initial applications for synthetic minor operating permits, as well as for applications to modify synthetic minor operating permits. It is to be used in lieu of District P-101B. Note: if a proposed modification would increase emissions above any threshold for a major facility, then the plant must apply for an authority to construct using Form P-101B and must apply for an MFR permit in accordance with Regulation 2, Rule 6, Major Facility Review.
